CONTENTS

Part I
Subject Index

Part I lists all editorial items except certain Briefs (Books, People, Obituaries, Publications, Pulse).

Subject headings appear in alphabetical order. Items under the subject headings are listed chronologically, or, in some cases, alphabetically by name (e.g., dams, rivers) or location (city, state or country).

Major headings are also sometimes subdivided for the purpose of pinpointing areas of specialization or recent developments in a given field (e.g., POWER: Solar, Alternative).

International coverage is indexed under the letter I, alphabetically by country, and cross-indexed under the appropriate subject headings.

Part II
Names

Part II alphabetically lists individuals and companies that are the subject of articles; authors of by-lined articles and letters; and all individuals whose photographs have been published. Generally, names mentioned in various articles are not indexed.

Part III
Manufacturers

Part III alphabetically lists the manufacturers of all new materials and equipment described in the editorial pages, including Briefs.

TERMS USED

See means that all entries on the subject will be found under another heading: EXCAVATING, **see:** SOIL.

See also means that a related heading should be checked: SEWAGE, **see also:** WATER POLLUTION.

ENR is published every Thursday except the last week in December. There are two volumes per year, January to June and July to December, starting with volume 78 in 1917, when ENGINEERING NEWS and ENGINEERING RECORD merged to become ENGINEERING NEWS-RECORD. In 1987, ENGINEERING NEWS-RECORD became ENR.
